For Chicago. For every child.

Lurie Children's is the top children's hospital in Illinois providing exceptional care for every child in Chicago and beyond. But we don't do it alone. As a nonprofit medical center, we depend on donations from our generous supporters to deliver exceptional, kid-friendly care to every child who needs it and to build safer spaces across Chicago where children can grow and thrive.

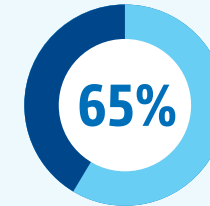

How Your Gift Will Help

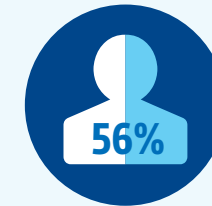

Donations allow us to go above and beyond in providing care to every child, regardless of their ability to pay. Your gift funds key areas: access, environment, care, research and community.

of patients are under- or uninsured

★ *The goal is to treat patients and families as close to home as possible. Here's a look at how Lurie Children's main hospital, outpatient centers, primary care locations and affiliated community physicians are expanding services to meet patients and families where they live.*

They Need Us, We Need You

HOW YOUR SUPPORT HELPS

Access for All

Donations help us support families who are underinsured or uninsured so they can focus on their child, not on their finances.

1 in 4

Chicago children live in poverty

Kid-Friendly Environment

Donations help fund services that insurance doesn't cover and programs that families don't receive a bill for like child life specialists and social work services.

1,800+

art therapy sessions provided to patients each year, free of charge

Stronger Communities

When communities thrive, kids are less likely to end up in the hospital. Donations help us to confront issues like gun violence, mental health issues and food access challenges.

7,000

ER and hospital visits by youth for violence-related injuries in Chicago (2016-2018)

They Need Us, We Need You

HOW YOUR SUPPORT HELPS

Extraordinary Care

Donations help ensure we have the latest technology and the most talented staff leading to better outcomes for our patients.

~260,000

individual patients cared for by Lurie Children's each year.

Advanced Research

Donations fund important research initiatives, like Precision Medicine, that give families assurance that their child will receive the most effective treatment as quickly as possible.

384

researchers discovering cures at Lurie Children's.
